

Shamrock Beer Systems

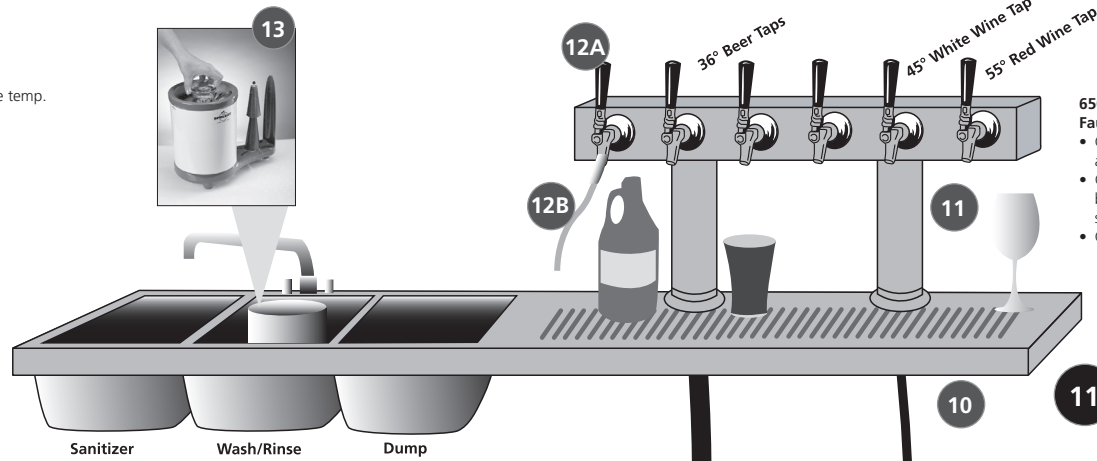

- 1 Kelly Keg Cooler**
- Heavy-duty aluminum diamond-tread floors (A).
 - Custom refrigeration system (B) designed to *pull the temperature down*, not just hold the temp.
 - Indoor or outdoor, to accommodate your needs.

- 2 Shamrock Beer Installation Kit**
- One well-conceived kit, created with care and efficiency.
 - Includes Secondary Regulator (A); thus, each beer has its own pressure.
 - Includes Fittings (B), all of which are 100% stainless steel for longevity, sanitation and overall quality – vs. our competitors, which use tin-plated brass.

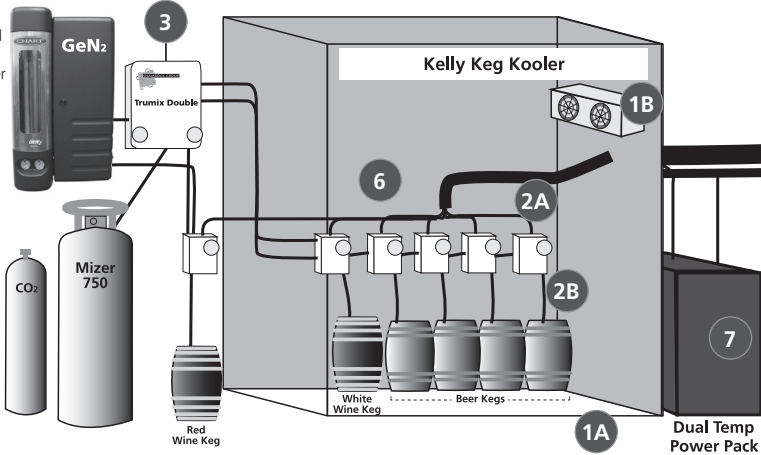

- 3 Shamrock Twin Blender**
- Mixes CO₂ and Nitrogen for perfect beer carbonation.
 - For all Lager and Stout needs.
 - Now available: A third-blend option for MinneSoda® Root Beer (or other brands).

- 4 GeN₂™ Generator**
- State-of-the-art design, with sustained gas generation; read more on page 15.
 - *Worry-Free*: Includes changeover valve and backup Nitrogen cylinder (4A).

- 5 Shamrock Bulk CO₂ System**
- *Worry-Free*: Includes changeover valve and back-up CO₂ cylinder (4A).
 - 100% stainless steel sanitary vessel for maximum cleanliness.

- 13 SpülBoy Glass Washer**
- Unique, German-engineered, in-sink design provides exceptionally beer-clean glass while providing economical and environmental benefits.
 - Cold water wash/rinse; no electricity required, nor any special plumbing...and, NSF Certified.
 - For more, see page 25.

- 6 Shamrock Profit Guards**
- Easy to operate and dependable; can pay for themselves in just 30 days.
 - *Money-back guarantee*.
- 7 Shamrock Power Pack**
- Hand-made to specifications.
 - Toughest in the industry, with 25-year average life.
 - Open glycol reservoir provides full view of evaporator for easy troubleshooting.

- 8 Shamrock 10-Point Beer Line Cleaning**
- The most thorough service in the Twin Cities.
 - See more, page 20.

- 9 Shamrock Group Trunk Line**
- Heavy-duty, fire-rated PVC sheathing for maximum cooling and heat transfer.
 - Multiple layers of vapor barrier so beers and/or wines taste precisely how they should – and at the perfect temperature.

- 10 Shamrock Custom-Built Drain Pans**
- Stainless steel inserts.
 - State-of-art glass rinsers to ensure beer-clean glassware.

- 11 Shamrock Custom-Built Towers**
- Toughest in the industry, with a *Lifetime Warranty* that no other can match.
 - Patented cold block system that guarantees maximum cooling to faucet head.
 - Shanks will never come loose.

- 12 650Series Forward Sealing Flow Control Faucets and Tube Attachment**
- Can adjust the 650Series Faucet (A) to accommodate various needs.
 - GT600 attachment (B) is perfect for bottom-filling needs (growlers and stadium glasses)
 - Can be used for both beers and wines.
